

HE electronic pump unit

EXCELLENCE IN COMPONENTS

Hydraulic pump unit for lift systems with electronic valve: silent operation, high comfort, higher efficiency and lower energy consumption.

HE electronic pump unit

- Up to 30% energy saving compared to mechanical pump units
- High traffic allowed
- Speed up to 1m/sec.
- Precise floor approach
- Up to 30% oil heating reduction compared to mechanical pump units

Tank	Pump (l/min at 50 Hz)	Motor (kW)	Oil (l)
110/S	55 - 150	4.8 - 14.7	65
135/S	55 - 150	4.8 - 14.7	100
210/S	55 - 210	4.8 - 18.4	140
320/S	100 - 300	7.7 - 29.4	215
450/S	180 - 380	11.0 - 36.8	300
680/S	380 - 600	14.7 - 58.8	475
Special application up to 1200 l/min
